Winter Schedule 2027

All times are Eastern Standard.

The first implicit lesson is this: Death rarely comes when it's convenient. To walk alongside endings is to submit to what is, rather than what we wish for.

Be assured empathy and flexibility are included in this endeavor- the unexpected will arise. But come to it with an understanding that you will attend class each week, making whatever accommodations necessary in the other corners of your life.

January

Wednesday, January 6th 7:30-9pm (Introduction, Program Overview)
